Getting started with Connotea

Setting up Connotea

2. As part of this process you will have the opportunity to install the “Add to Connotea” button on your browser toolbar; this allows you to add references to your Connotea account with one click.

Using Connotea

Information on using Connotea is available from the links under Beginner’s guide at the bottom of the screen. The following should get you up and running!

Getting started with Internet explorer (webpage) – information is also available for other browsers using links from this webpage http://www.connotea.org/getting_started_internet_explorer

Screencasts

The following short videos show the basics:

- Connotea: A Quick tour http://www.connotea.org/A_Quick_Tour.html
- Connotea: Building your library http://www.connotea.org/building_your_library.html
- Connotea: Managing your library http://www.connotea.org/managing_your_library.html
